

Frank Duprée

You may know me as a Minister but like the Apostle Paul, I have a “tent making business”. Paul was a bi-vocational Minister and he supported himself through his business. This has been my goal for many years too. Now, that being said;

I have some of the MOST IMPORTANT NEWS you may ever get concerning your FINANCIAL FREEDOM! Personally, I'm going to pay off my mortgage in less than 5 years! How? Let me explain;

I am an Agent with United First Financial. We help homeowners reach their financial goals through the **Money Merge Account** system - a full package approach that includes financial education, toll-free coaching, and innovative online software. Thousands of our clients understand their debt situation better than ever before, and they are using this knowledge to pay off their mortgages in a fraction of the time with little to no change in their lifestyle.

The **Money Merge Account** system operates on proven banking strategies, using your discretionary income to cancel mortgage interest and pay off your home years in advance. And it makes all of this possible with little to no change to your day-to-day spending habits and without increasing your minimum required monthly mortgage payments.

You can pay off your Mortgage, Credit Cards, College and Auto Loans in a fraction of the time!

On the next page you will find out about what the experts say about the MMA system. And **SUCCESS From Home** magazine has devoted their entire February issue to the MMA system!

My Branch Manager, Sam Scaggs, is flying here from Virginia Beach, VA to present the MMA System to you!

Homeowners from all walks of life including the Banking, Insurance and Accounting industries have all become United First Financial customers. Many have become Agents like me.
